SUMMARY

The Court of Appeal in Luxembourg ruled on an application for provisional measures. The patent at issue relates to automated management of clinical modifications to treatment plans using three-dimensional controls. According to the headnotes of the decision, the principles established by the Court regarding the term “offering” under Article 25(a) of the UPC Agreement can also be applied to the same concept as it appears in Articles 25(b), 25(c), and 26 of the UPC Agreement.
